## THE HENRY LAWSON HIGH SCHOOL

14 OCTOBER 2016 TERM 4 ISSUE 1

Welcome back to term 4 and more great learning.

The end of last term was marked by farewelling Year 12. Two very special events were held: the assembly and the dinner. So much goodwill was sent to Year 12 with a funny, thoughtful and entertaining speech from Mr Harris, their year adviser, the words from the SRC reps and the poem from Carly Brown, representing the P&C. Year 12 presented a gift to the school – a welcoming mat for the foyer. Once the assembly was over, a new energy took over the space as the team, led by Science and Engineering mastermind, Mr Robinson and his crew converted the hall into a wonderful space for the dinner – the magic and mystery of New York. By Friday afternoon the school was abuzz with preparations as students, parents and teachers worked together to create this extraordinary event to mark Year 12's rite of passage from school. Thanks to everyone who did so much to make this a memorable occasion, especially Vanessa Knight who played the piano throughout the evening helping to add to the atmosphere. The strength of our school community lies in how we all pull together to make things happen in such a positive way. Year 12 commence their HSC exams on Thursday; we wish them every success with their exams and all the challenges and adventures that follow.

Throughout the holidays groups of students were in school with Mrs Reidy completing this year's Archibull entry, better known as Thimbull. Thimbull outlines the processes within the cotton industry from the field to the fashions within the context of the game of Monopoly. It looks great and along with the blog, an animation and fact sheet, the students' understanding of the cotton industry is evidently strong and their skills in communicating it, all of a very high standard. The judges will be here next week. Come and see for yourself: Thimbull is standing in the foyer.

Sold out within hours! That was the news from the *Come Back to Grenfell* day when Year 9 and 10 photography students' *Portraits of Grenfell: Photographs and conversations with Grenfell locals* went on sale. What a remarkable publication. The students' photographs and accompanying stories are engaging and interesting and inclusive of a cross-section of our community. Another great learning project led by Mrs Jillian Reidy.

More great news. Francesca Fenton has been nominated for Callback 2016. This is a performance of a selection of outstanding HSC dance performances. Francesca has been nominated for two sections: the core performance and major study performance. Congratulations Francesca.

Grandparents day is being celebrated Wednesday 2 November with a special assembly followed by morning tea. Invitations have been sent out, but grandparents if you haven't heard yet, ask or contact us.

New term, new timetable and a welcome back to Mrs Hannah Troth who has joined the teaching staff for term 4. There is already a lot planned so be prepared for an action-packed 10 weeks.

Margaret Carey

Principal

## Well-being Corner

*“Some people think only intellect counts: knowing how to solve problems, knowing how to get by, knowing how to identify an advantage and seize it (and these things are important). But the functions of intellect are insufficient without courage, love, friendship, compassion and empathy.”*

Dean Koontz

Courage, love, friendship, compassion, empathy; how many of these qualities do you have? It's not enough to be smart and successful. If you don't have courage, you won't stick up for your beliefs; lacking love and friendship, you'll be alone and lonely; without compassion and empathy, relationships you try to form are unlikely to succeed.

Take stock of yourself and your character traits. Which ones do you need to work on and strengthen?

## TODAY

I'll work on improving my friendships.
